

Publications in Peer Review Journals

1995

Strack, F. & Förster, J. (1995). Reporting recollective experiences: Direct access to memory systems? *Psychological Science, 6*, 352-358.

1996

Förster, J. & Strack, F. (1996). The influence of overt head movements on memory for valenced words: A case of conceptual-motor compatibility. *Journal of Personality and Social Psychology, 71*, 421-430.

1997

Förster, J. & Strack, F. (1997). Motor actions in retrieval of valenced information: A motor congruence effect. *Perceptual and Motor Skills, 85*, 1419-1427.

Mußweiler, T., Förster, J. & Strack, F. (1997). Der Ankereffekt in Abhängigkeit von der Anwendbarkeit ankerkonsistenter Information: Ein Modell selektiver Zugänglichkeit [Anchoring effects and accessibility of anchor-consistent information: A model of selective accessibility]. *Zeitschrift für Experimentelle Psychologie, 64*, 589-615.

Strack, F., Förster, J. & Werth, L. (1997). Selbstreflexion und Wiedererkennung [Self-reflection and recognition]. *Sprache und Kognition, 16*, 151-158.

1998

Förster, J. & Strack, F. (1998). Motor actions in retrieval of valenced information: II. Boundary conditions for motor congruency effects. *Perceptual and Motor Skills, 86*, 1423-1426.

Strack, F. & Förster, J. (1998). Self-reflection and recognition: The role of metacognitive knowledge in the attribution of recollective experience. *Personality and Social Psychology Review, 2*, 111-123.

Förster, J. & Strack, F. (1998). Subjective theories about encoding may influence recognition. *Social Cognition, 16*, 78-92.

Förster, J., Higgins, E.T. & Idson, L.C. (1998). Approach and avoidance strength during goal attainment: Regulatory focus and the "goal looms larger" effect. *Journal of Personality and Social Psychology, 75*, 1115-1131.

Förster, J. (1998). Der Einfluß motorischer Perzeptionen auf Sympathie-Urteile attraktiver und unattraktiver Portraits [The influence of motor perceptions on likeability judgments of attractive and unattractive portraits]. *Zeitschrift für Experimentelle Psychologie*, 45, 167-182.

2000

Werth, L., Förster, J. & Strack, F. (2000). Vorurteile beeinflussen die Enkodierung stereotypinkonsistenter Informationen [Prejudice influences encoding of stereotype inconsistent information]. *Zeitschrift für Sozialpsychologie*, 31, 57-69.

Förster, J., Higgins, E.T. & Strack, F. (2000). When stereotype disconfirmation is personal threat: How prejudice and prevention focus moderates incongruency effects. *Social Cognition*, 18, 178-197.

Liberman, N. & Förster, J. (2000). Expression after suppression: A motivational explanation of post-suppressional rebound. *Journal of Personality and Social Psychology*, 79, 190-203.

Mußweiler, T. & Förster, J. (2000). The sex --> aggression link: A perception-behavior dissociation. *Journal of Personality and Social Psychology*, 79, 507-520.

Friedman, R. & Förster, J. (2000). The effects of approach and avoidance motor actions on the elements of creative insight. *Journal of Personality and Social Psychology*, 79, 477-492.

Förster, J. & Stepper, S. (2000). Compatibility between approach/ avoidance stimulation and valenced information determines residual attention during the process of encoding. *European Journal of Social Psychology*, 30, 853-871.

2001

Förster, J., Grant, H., Idson, L.C. & Higgins, E.T. (2001). Success/failure feedback, expectancies, and approach/avoidance motivation: How regulatory focus moderates classic relations. *Journal of Experimental Social Psychology*, 37, 253-260.

Friedman, R. & Förster, J. (2001). The effects of promotion and prevention cues on creativity. *Journal of Personality and Social Psychology*, 81, 1001-1013.

Förster, J. & Liberman, N. (2001). The role of attribution of motivation in producing post-suppressional rebound. *Journal of Personality and Social Psychology*, 81, 377-390.

Werth, L. & Förster, J. (2001). Erfolg beginnt nicht nur im Kopf! Bodyfeedback: Wie der Körper unser Verhalten beeinflusst. *Wirtschaftspsychologie*, 4, 220-225.

Förster, J. & Werth, L. (2001). Zur Wechselwirkung von Medien und Motorik: Der Einfluss induzierten Annäherungs- und Vermeidungsverhaltens auf die Beurteilung der FDP. *Zeitschrift für Sozialpsychologie*, 32, 223-233.

2002

Friedman, R. & Förster, J. (2002). The influence of approach and avoidance motor actions on creative cognition. *Journal of Experimental Social Psychology*, 38, 41-55.

Werth, L. & Förster, J. (2002). Implicit person theories influence memory judgments: The circumstances under which metacognitive knowledge is used. *European Journal of Social Psychology*, 32, 353-362.

Werth, L., Denzler, M. & Förster, J. (2002). Was motiviert wen? Worauf der Fokus liegt, entscheidet über den Erfolg. *Wirtschaftspsychologie*, 2, 5-12.

Werth, L. & Förster, J. (2002). Wie Sie als Führungskraft Kreativität steigern oder blockieren können. *Wirtschaftspsychologie*, 2, 13-20.

Werth, L., Strack, F. & Förster, J. (2002). Certainty and uncertainty: The two faces of the hindsight bias. *Organizational Behavior and Human Decision Processes*, 87, 323-341.

2003

Förster, J. (2003). The influence of approach and avoidance motor actions on food intake. *European Journal of Social Psychology*, 33, 339-350

Friedman, R., Fishbach, A., Förster, J. & Werth, L. (2003). Attentional priming effects on creativity. *Creativity Research Journal*, 15, 277-286.

Förster, J., Higgins, E.T. & Taylor Bianco, A. (2003). Speed/accuracy in performance: Tradeoff in decision making or separate strategic concerns? *Organizational Behavior and Human Decision Processes*, 90, 148-164.

Förster, J. & Friedman, R. (2003). Kontextabhängige Kreativität. *Zeitschrift für Psychologie*, 211, 149-160.

2004

Förster, J., Higgins, E.T. & Werth, L. (2004). Threat of stereotype disconfirmation: Motivational antecedents and cognitive consequences. *Social Cognition*, 22, 54-74.

Förster, J. (2004). How body feedback influences consumer's evaluation of products. *Journal of Consumer Psychology*, 14, 415 – 425.

Seibt, B. & Förster, J. (2004). Risky and careful processing under stereotype threat: How regulatory focus can enhance and deteriorate performance when self stereotypes are active. *Journal of Personality and Social Psychology*, 87, 38 - 56.

Förster, J., Friedman, R. & Liberman (2004). Temporal construal effects on abstract and concrete thinking: Consequences for insight and creative cognition. *Journal of Personality and Social Psychology*, 87, 177-189.

2005

Förster, J., Liberman, N. & Higgins, E.T. (2005). Accessibility from active and fulfilled goals. *Journal of Experimental Social Psychology*, 41, 220-239.

Förster, J. & Liberman, N. (2005). A motivational model of post-suppressional rebound. *European Review of Social Psychology*, 15, 1-32.

Friedman, R., McCarthy, D. M., Förster, J. & Denzler, M. (2005). Automatic effects of alcohol cues on sexual attraction. *Addiction*, 100, 672-681.

Friedman, R. & Förster, J. (2005). Effects of motivational cues on perceptual asymmetry: Implications for creativity and analytical problem solving. *Journal of Personality and Social Psychology*, 88, 263-275.

Förster, J., Friedman, R., Butterbach, E.M., Sassenberg, K. (2005). Automatic effects of deviancy cues on creative cognition. *European Journal of Social Psychology*, 35, 345-360.

Förster, J. & Higgins, E.T. (2005). How global vs. local processing fits regulatory focus. *Psychological Science*, 16, 631-636.

Strack, F., Förster, J. & Werth, L. (2005). "Know thyself!" Idiosyncratic self-knowledge may influence recognition. *Journal of Memory and Language, 52*, 628-638.

Friedman, R.S., & Förster, J. (2005). The influence of approach and avoidance cues on attentional flexibility. *Motivation and Emotion, 29*, 69-81.

2006

Förster, J., Friedman, R., Özelsel, A., & Denzler (2006). Enactment of approach and avoidance behavior influences the scope of perceptual and conceptual attention. *Journal of Experimental Social Psychology, 42*, 133-146.

Liberman, N. & Förster, J. (2006). Inferences from decision difficulty. *Journal of Experimental Social Psychology, 42*, 290-302.

Werth, L., Förster, J. & Markel, P. (2006). The role of implicit theories on leadership evaluation. *European Journal of Work and Organizational Psychology, 15*, 1-26.

Werth, L. & Förster, J. (2006). How regulatory focus influences consumer behavior. *European Journal of Social Psychology, 36*, 1-19.

2007

Liberman, N. & Förster, J. & Higgins, E.T. (2007). Completed vs. interrupted priming: Reduced accessibility from post-fulfillment inhibition. *Journal of Experimental Social Psychology, 43*, 258-264.

Friedman, R.; Förster, J., & Denzler, M. (2007). Interactive effects of mood and task framing on creative generation. *Creativity Research Journal, 19*, 141-162.

Werth, L. & Förster, J. (2007). Regulatorischer Fokus: Ein Überblick. *Zeitschrift für Sozialpsychologie, 38*, 33-42.

Werth, L., & Förster, J. (2007). The effects of regulatory focus on braking speed. *Journal of Applied Social Psychology, 37*, 2764-2787.

Förster, J., Liberman, N., & Friedman, R. (2007). Seven principles of automatic goal pursuit: A systematic approach to distinguishing goal priming from priming of non-goal constructs. *Personality and Social Psychology Review, 11*, 211-233.

2008

Förster, J., Liberman, N., & Kuschel, S. (2008). [The effect of global versus local processing styles on assimilation versus contrast in social judgment](#). *Journal of Personality and Social Psychology, 94*, 579-599.

Schimmel, K., & Förster, J. (2008). [How temporal distance changes novices' attitudes towards unconventional arts](#). *Psychology of Aesthetics, Creativity, and the Arts, 2*, 53-60.

Voelpel, S., Eckhoff, R., & Förster, J. (2008). [Group size matters: Bystander effects in virtual knowledge sharing](#). *Human Relations, 61*, 271-295.

Liberman, N., & Förster, J. (2008). Expectancy, value and psychological distance: A new look at goal gradients. *Social Cognition, 26*, 515-533.

2009

Förster, J., Liberman, N., & Shapiro, O. (2009). Preparing for novel versus familiar events: Shifts in global and local processing. *Journal of Experimental Psychology: General, 138*, 383-399.

Förster, J. (2009). Cognitive consequences of novelty and familiarity: How mere exposure influences level of construal. *Journal of Experimental Social Psychology, 45*, 444-447.

Denzler, M., Förster, J., & Liberman, N. (2009). How goal-fulfillment decreases aggression. *Journal of Experimental Social Psychology, 45*, 90-100.

Liberman, N., & Förster, J. (2009). Distancing from experienced self: How global versus local perception affects estimation of psychological distance. *Journal of Personality and Social Psychology, 97*, 203-216.

Förster, J. (2009). Knowing your customer better: The strengths of a self regulatory value approach. *Journal of Consumer Psychology, 19*, 124-128.

Förster (2009). Opening doors for new research questions: On simulatability. *European Journal of Social Psychology, 39*, 1151-1155.

Liberman, N., & Förster, J. (2009). The effect of psychological distance on perceptual level of construal. *Cognitive Science*, *33*, 1330-1341.

Förster, J., Epstude, K., & Özelsel, A. (2009). Why love has wings and sex does not: The influence of subconscious reminders of love and sex on creative and analytic thinking. *Personality & Social Psychology Bulletin*, *35*, 1479-1491.

2010

Kuschel, S., & Förster, J. & Denzler, M. (2010). Going beyond information given: How approach versus avoidance cues influence access to higher order information. *Social Psychological and Personality Science*, *1*, 4-11.

Förster, J. & Dannenberg, L. (2010). GLOMO^{sys}: A systems account of global versus local processing. *Psychological Inquiry, target article*, *21*, 175-197.

Förster, J. & Dannenberg, L. (2010). GLOMO^{sys}: Specifications of a global model on processing styles. *Psychological Inquiry, reply to the commentaries*, *21*, 257-269.

Förster, J., Marguc, J., & Gillebaart, M. (2010). Novelty Categorization Theory. *Social and Personality Psychology Compass*, *4/9*, 736-755.

Förster, J. (2010). How love and sex can influence recognition of faces and words: A processing model account. *European Journal of Social Psychology*, *40*, 524-535.

Förster, J. Özelsel, A., & Epstude, K. (2010). How love and lust change people's perception of partners and relationships. *Journal of Experimental Social Psychology*, *46*, 237-246.

Mihov, K., Denzler, M. & Förster, J. (2010). Hemispheric specialization and creative thinking: A meta-analytic review of lateralization of creativity. *Brain and Cognition*, *72*, 442-445.

Denzler, M., Förster, J., & Liberman, N. (2010). Aggressive, funny and thirsty: A motivational inference model approach to behavioral rebound. *Personality and Social Psychology Bulletin*, *36*, 1385-1396.

Friedman, R. & Förster, J. (2010). Implicit affective cues and attentional tuning: An integrative review. *Psychological Bulletin*, *136*, 875-893.

Marguc, J., van Kleef G. A., & Förster, J. (2010). Doel, boom, weg: Hoe past alles bij elkaar? De effecten van fysieke obstakels op conceptuele breedte. *Jaarboek Sociale Psychologie 2009*, pp. 245 - 252. Groningen: ASPO pers.

Dannenberg, L., A., Jostmann, N., B., Förster, J. (2010). Zelfregulatie en illusoire gevoelens van agency (Self-regulation and illusions of agency). *Jaarboek Sociale Psychologie 2009*, pp. 65 - 72. Groningen: ASPO pers.

2011

Förster, J., & Denzler, M. (2011). When any Worx looks typical to you: Global relative to local processing increases prototypicality and liking. *Journal of Experimental Social Psychology*, *48*, 416-419.

Marguc, J., Förster, J., & Van Kleef, G. A. (2011). Stepping back to see the big picture: When obstacles elicit global processing. *Journal of Personality and Social Psychology*, *101*, 883-901.

Denzler, M., Häfner, M., & Förster, J. (2011). He just wants to play: How goals determine the influence of violent computer games on aggression. *Personality and Social Psychology Bulletin*, *37*, 1644-1654.

Epstude, K., & Förster, J. (2011). Seeing love, or seeing lust: How people interpret ambiguous romantic situations. *Journal of Experimental Social Psychology*, *47*, 1017–1020.

Wolfin, K.-A., Corneille, O., Yzerbyt, V.Y., & Förster, J. (2011). Narrowing down to open up for other people's concerns: Empathic concern can be enhanced by inducing detailed processing. *Journal of Experimental Social Psychology*, *47*, 418-424.

Bullens, L., van Harreveld, F., & Förster, J. (2011). Keeping ones options open: The detrimental consequences of decision reversibility. *Journal of Experimental Social Psychology*, *47*, 800-805.

Friedman, R. & Förster, J. (2011). Limitations of the motivational intensity model of attentional tuning. *Psychological Bulletin*, *137*, 513-516.

Denzler, M., Markel, P., & Förster, J. (2011). On the dark and bright sides to vengeance. *In-Mind magazine*, *12*.

2012

Gillebaart, M., Förster, J., & Rotteveel, M. (2012). Mere exposure revisited: The influence of growth versus security cues on evaluations of novel and familiar stimuli. *Journal of Experimental Psychology: General*, *114*, 699-714.

Gervais, S.J., Vescio, T.K., Förster, J., Maass, A. & Suitner, C. (2012). Seeing women as objects: The sexual body part recognition bias. *European Journal of Social Psychology*, *42*, 743-753.

Förster, J. & Becker, D. (2012). When curiosity kills no cat but mediates the relation between distant future thoughts and global processing across sensory modalities. *European Journal of Social Psychology, 42*, 334-341.

Friedman, R.S., Gordis, E. & Förster, J. (2012). Re-exploring the influence of sad mood on music preference. *Media Psychology, 15*, 249-266

Dannenberg, L., Förster, J., & Jostmann, N. B. (2012). "If only...": When counterfactual thoughts can reduce illusions of personal authorship. *Consciousness and Cognition, 21*, 456-463.

Förster, J. (2012). GLOMOsys: The how and why of global and local processing. *Current Directions in Psychological Science, 21*, 15-19.

Marguc, J., Van Kleef, G.A., & Förster, J. (2012). Stepping back while staying engaged: When facing an obstacle increases psychological distance. *Social Psychological and Personality Science, 3*, 379-386.

Denzler, M., & Förster, J. (2012). A goal model on catharsis. *European Review of Social Psychology, 23*, 107-142.

2013

Förster, J., & Friedman, R. (2013). Detour to arrive: Distancing in service of approach goals. *Emotion Review, 5*, 259-263.

Bullens, L., van Harreveld, F., Förster, J., & van der Pligt, J. (2014). Reversible decisions: The grass isn't merely greener on the other side; it's also very brown over here. *Journal of Experimental Social Psychology, 143*, 835-842.

Gillebaart, M., Rotteveel, M., Förster, J., (2013). Unraveling effects of novelty on creativity. *Creativity Research Journal, 25*, 280-285.

2014

Bullens, L., van Harreveld, F., Förster, J., & Higgins, E.T. (2014). How decision reversibility affects motivation. *Journal of Experimental Psychology: General, 143*, 835-642.

2015

Förster, J., & Jostmann, N. (2015). What is automatic self-regulation? *Zeitschrift für Psychologie, 220*, 147-156.

Marguc, J., Van Kleef, G. A., & Förster, J. (2015). Welcome interferences: Dealing with obstacles promotes creative thought in goal pursuit. *Creativity and Innovation Management*, 24(2), 207-216.

2017

Ozimek, P., & Förster, J. (2017). The impact of self-regulatory states and traits on Facebook use: Priming materialism and social comparisons. *Computers in Human Behavior*, 71, 418-427.

Publications in Books and Book Chapters

Förster, J. (1994). Kann man Zeugen vor Gedächtnisverfälschungen warnen? In S. Sporer und D. Meurer (Eds.), *Die Beeinflußbarkeit von Zeugenaussagen*. Marburg: Elwert.

Förster, J. (1995). *Der Einfluß von Ausdrucksverhalten auf das menschliche Gedächtnis: Theoretische Überlegungen und Experimente zu Motor-Kongruenzeffekten*. Bonn: Holos.

Strack, F., Förster, J. & Werth, L (1999). „Erkenne Dich selbst!“. Einige Überlegungen und Befunde zur Selbsterkenntnis als Methode und Gegenstand psychologischer Forschung. In W. Schneider & W. Janke (Hrsg.), *100 Jahre Würzburger Schule* (S.399-410). Göttingen: Hogrefe.

Werth, L., Strack, F., & Förster, J. (1999). Social influence and suggestibility in recognition tasks. In V. DePascalis (Hrsg.), *Social influence and metacognition*.

Neumann, R. Förster, J & Strack, F. (2003). Motor compatibility: The bidirectional link between behavior and evaluation. In J. Musch & K.C. Klauer (Eds.). *The psychology of evaluation. Affective processes in cognition and emotion*. (S. 371-391). Mahwah, NJ: Lawrence Erlbaum Associates.

Förster, J. & Denzler, M. (2004). How to become happy, successful, and creative. A regulatory focus perspective on emotion, cognition, and motivation. In F. Hardt (Hrsg.), *Mapping the world. New Perspectives in the Humanities and Social Sciences*. (S. 83 – 98). Tübingen, Germany: Franke-Verlag.

Förster, J. & Liberman, N. (2004). How motivational inferences influence post-suppressional rebound. In S. Shohov (Hrsg.), *Advances in Psychology Research*. 34 (S. 63-88). New York: Nova Science Publishers.

- Liberman, N. & Förster, J. (2005). Motivation and construct accessibility. In Forgas J. P., K. D. Kipling, S. M. Laham (Eds.), *Social motivation: Conscious and unconscious processes (Sydney Symposium of Social Psychology)* (pp. 228-248). Cambridge, UK: Cambridge University Press.
